ABOUT DHARANI INDIA

Buy Sell Connect India to Global

Dharani India Real Estate was built to solve a simple problem: property deals are stressful because information is scattered and trust is hard to find.

Our mobile platform brings buyers, sellers, agents, builders and developers into one verified space, so you can research, analyse and decide together with your family before investing anywhere in the world, so every decision is informed, secure and aimed at rewarding returns.

Dharani India helps developers sell faster with verified project listings, qualified buyer leads and CRM support to track every enquiry through to closure. With a wide network of buyers, NRIs and channel partners, developers gain greater visibility and reach across India and beyond.

Dharani India creates self-employment opportunities by giving agents, agencies and freelancers in their home towns a simple platform to list properties and leads, and earn. By enabling local talent to connect with buyers, investors and NRIs worldwide, we help build income and independence without leaving their hometown.

We combine listing tools, market analytics and lead generation in a single platform. Today we serve the Indian market, with doors opening to Dubai, Singapore, the UK and the USA.
